NOVEMBER 2007

SERVING THE VILLAGES OF BALTIC, HANOVER AND VERSAILLES  
IN THE BEAUTIFUL SHETUCKET RIVER VALLEY

## FALL FESTIVAL WINNERS ANNOUNCED

*Editor's note: On Columbus Day weekend, a number of residents and visitors to town enjoyed numerous activities sponsored by the town. Included in the festivities was an apple pie contest. They all looked delicious, and this writer was sorry she hadn't been invited to be a judge. Ah, well, maybe next year.*

The winners of the Village Fall Festival Pie Baking Contest Grand Prize were Alex Bernier and Zach Bennett. Zach goes to Sales School and Alex goes to Dr. Helman Baldwin Middle School and both are in 8th grade.

The recipe they used was:

### Sour Cream Apple Pie with Crumb

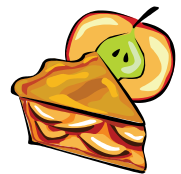

#### Topping

- 6 cups Cortland apples
- 1/2 cup sugar
- 1 tablespoon flour
- 1/4 teaspoon salt
- 1/4 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1 unbaked pie-shell (see directions below for making pie shell)
- 1 cup sour cream
- 1/4 cup brown sugar

- 1/3 cup graham cracker crumbs
- 1/4 cup sugar
- 1/2 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 3 tablespoons butter -- melted

#### CRUST:

- 1/2 cup cream cheese
- 1 1/2 cups flour
- 1/2 cup butter
- 1/4 cup sugar
- 1/2 teaspoon salt
- 1/4 teaspoon baking powder

## EAGLE SCOUT PROJECT COMPLETED AT MUKLUK PROPERTY By Harry Segerstrom Sr., ASM Troop 19

Eagle Scout candidate Phillip Salva, son of Randy and Cheryl Salva of Bushnell Hollow Road, Baltic, recently completed his service project for his Eagle Scout rank. The project is picked by the scout. He then has to get all the necessary approvals, recruit volunteers to carry out the project, arrange fundraisers or solicit donations to pay for any materials he may need, arrange for food for the volunteers, and set a time frame for carrying out the project. He then has to get approval from his scoutmaster. His project is then written up with all the necessary information, and then it is sent to the Scout Council for approval. Phillip chose a hiking and biking trail at the Mukluk Club. He does not do any of the physical work, this is done by the volunteers. His job is to manage the whole project, assign work details,

and solve any problems that may arise, which is showing leadership qualities. For this project we cut brush, cleared low branches, removed dead fall, leveled land and painted white blazes on the trees for trail markers, over the course of three miles. We also had to construct a 12 foot bridge over a small stream and a 35 foot bridge over another. Telephone poles were used for the base and footings of the bridges. Pressure treated lumber was used for construction of the bridges. All this material had to be hauled into the sites where the bridges were built. No easy task, as we had to cross streams and go through brush. We were informed by Glen Cheney that Northeast Utilities grant money was available for projects such as this. We contacted Penny Newberry, our town grant

writer, and she helped us apply for the grant. We were pleasantly surprised when we were called by NU and told that the \$450 grant was ours. Phillip now has to write a completed project report and send it to Council for approval. He must attend an Eagle Scout Board of Review. Once this is done, more paperwork is completed and the entire package is sent to the National Scout Office in Irvin, Texas, for final approval. After which we will have an Eagle Scout Ceremony for him. This was quite an outstanding project, lots of time and thought went into it, even before we were able to carry it out. My sincere congratulations to Phillip and a big thank you to all who helped in any way to make this project a huge success.

## SCOUTING FOR FOOD

On Saturday, Nov. 3, scouts from Baltic will be going around Versailles, Hanover and Baltic collecting donated food from the Sprague Food Bank. The Cub Scouts delivered bags to residents for the November pick up. Non-perishable items will be collected beginning at 9 a.m. Donations may be left on the front porch or doorstep, where they can be easily seen from the road. All donated items are kept for use by the Sprague Food Bank, located at Town Hall. Donations are greatly appreciated. They can also be left at Town Hall, or call Harry Segerstrom Sr, Troop 19, at (860) 822-6235.

## SPRAGUE ~ OUR TOWN

### BIKE RACE A SUCCESS

The bike race was a great success again this year, we saw an increase of over 50 riders with a grand total of 162. We also saw an increase in our pro ranks this year and even one International Pro, Ted King. Ted was using our event, as well as the Norwich YMCA Rose Pedal, as a tune up before he left to race in Australia and New Zealand.

While we had riders from as far away as North Carolina and California, the majority of our riders were from the North East. We are establishing ourselves as a great venue and a place to be. Once again we received positive comments from the participants, not only for the course but for how well it was marshaled.

This was made possible, in no small part, to the great volunteers and sponsors who help support not only this event but the Three Village Fall Festival as well. I would like to begin by thanking the Baltic Volunteer Fire Department. They not only provided the personnel

to control the intersections and other points of concern that required marshals but also provided all medical support. Thanks to Denise Zevetchin, Ann Marie Osowski, Robin Smith and Jennifer for staffing and running the registration area. Thanks to Herb, from TJ's Cafe, for bartending at our VIP tent and helping Noreen Foley to make it such a great area for our participants and our sponsors, and also thanks to our new teen committee who filled in wherever they were needed.

I would also like to thank our local businesses that helped us to provide all the amenities that made our event such a success for riders as well as our volunteers: Mohegan Sun, Am-graph, TJ's Cafe, Baltic Convenience Store and J&D Embroidering. It is only through the support of people and businesses such as these that we are able to even consider running such an event.

### DID YOU KNOW???

While visiting the Mashantucket Museum Native Waters Exhibit this past month I came upon a name on the Connecticut waters map that I found of interest.

"Owwaenunggannunck" (where people go to catch salmon). I thought this was interesting as this name is shown as a Native American site just north of Sprague on the Shetucket River. The Shetucket River is one of the two rivers in the state, where the brood stock salmon have been reintroduced for some time now. Fishermen come from all over the state to fish for them. How fortunate we are to have one of the two rivers that they put the brood stock salmon in.

"Owwaenunggannunck" (where people go to catch salmon).

## SPRAGUE CONSERVATION COMMISSION update By Don Boushee

**Hello fellow Sprague citizens. This is our update concerning our conservation efforts this last month.**

**We hosted two hikes at the Mukluk Nature Preserve. One for "Walking Weekend" led by Lou Dizialo. The hike was well attended by 30 hikers. One couple came from as far away as Texas. They all commented on how beautiful the property was. The other hike was led by Terry Worneki. It's a great time of year to be outside enjoying the colors of nature. Remember to wear orange when hiking during hunting season.**

**Along that note, we are still working on hunting regulations for the Mukluk, so be aware that**

**currently there is no hunting. Thank you for your patience.**

**We will host a work party soon to mark the boundaries of the property and to mark another trail for all to enjoy. Our next marked trail will be from the cabin to the Scotland Dam.**

**Also, we will host a Community Greenways - Blueways Mapping Workshop at the Senior Center, hosted by Green Valley Institute on Nov 1 from 7 to 9 p.m.**

**We also had a work day at the River Park on Oct. 20. Stop down and enjoy the "infamous" Sprague River Park along the beautiful Shetucket River.**

**At our last meeting we voted to change the meeting day to the second Monday of each month. Our next meeting is Nov. 12 at 7 p.m. Everyone is encouraged to attend.**

**Join us in our conservation work. We can all make a huge positive difference in our community. Any questions, concerns or if you just want to help, e-mail me at [donald-boushee@sbcglobal.net](mailto:donald-boushee@sbcglobal.net).**

### MUKLUK HIKES

**The next led hike will be Nov. 17 from the Grist Mill at 9 a.m.**

## SPRAGUE ECONOMIC DEVELOPMENT COMMISSION UPDATE

**Economic Development Agency Update.** Since 2006 SEDC has been working to be designated as the town Development Agency by the Board of Selectmen. This designation is allowed by state statutes to provide local economic development commissions with greater authority and tools for pursuing economic development. This procedure has been used in other local communities including Sterling, Killingly and Putnam, and has been credited with more successful development programs. The designation would allow the SEDC to play a more active role in planning, preparing, and marketing economic development projects in Sprague.

SEDC began process in August 2006 by presenting selectmen with the statutory language. Over the next succeeding year SEDC addressed all selectmen questions. We explained each of the statutory sections per-

taining to DA operations; drafted an enacting ordinance, operating charter, and an ethics code, and provided the draft charter and ordinance for a review by town legal counsel. Last June, SEDC provided the Board with the draft DA charter for review.

At the October Board of Selectmen meeting, First Selectmen Dennison Allen made a motion to approve the designation by town ordinance. Mr. Allen's motion failed to gain a second from other selectmen. As a result, neither a discussion nor a vote on the motion was made and the designation of SEDC as the town's development agency was not approved. SEDC plans to resubmit its request to the next Board of Selectmen.

**Baltic Mill Grant for Feasibility Study.** In September, the US Department of Agriculture awarded Sprague

a \$35,000 grant to conduct a re-use feasibility study for Baltic Mill redevelopment. The grant application was submitted in 2006 but was not funded. It was automatically resubmitted and awarded this year. In 2006, the SEDC received a proposal by the Connecticut Economic Resources Center to conduct this feasibility study. The feasibility study will help determine the best economic uses of the mill in the current real estate market and can be used to attract additional developer interest in the mill.

**Baltic Mill Developer Interest.** The SEDC has been in discussions with developers interested in acquiring the Baltic Mill property for redevelopment. Discussions included showing of the property and meeting on redevelopment possibilities.

One developer met with SEDC over several months

and expressed strong interest in submitting an acquisition offer. However, this developer later dropped its interest, in part because of the uncertainty of the town public water situation. SEDC is currently holding discussions with a second developer who has expressed interest in developing the property. The commission is also preparing a draft request for qualifications/request for proposal (RFQ/RFP) process which will invite developers with regional and national reputations to indicate interest in Baltic Mill redevelopment.

**Community Assessment.** The SEDC has invited for its October meeting representatives from the Connecticut Rural Community Development Agency to discuss an upcoming community assessment project for Sprague.

SEDC members are Kevin Generous (chairman), Carl Holte, Hugh Schnip, Mick Collins, Tom Williams and Dennison Allen (ex officio). SEDC meets every fourth Wednesday of each month in the town hall.

### CHARTER COMMISSION NEWS

The Sprague Charter Commission met at the town hall on Oct. 9 with Attorney R. Cody to discuss and understand the Connecticut State Statute Chapter 99 and legalities involved with a town charter.

Town comment on the charter is welcome. Contact Joe Osowski, secretary.

The next meeting will be held Tuesday, Nov. 13 at 7 a.m.

### LADIES AUXILIARY NOTES

Members of the Baltic Fire Department Ladies Auxiliary met at the firehouse to discuss their upcoming Holly Jolly Bazaar. The Bazaar will be held on Saturday, Nov. 24 from 9 a.m. to 3 p.m. at the firehouse. Tables are still available. The cost is \$25. To rent space, call Jeannette Deschamps at (860) 822-8331. Raffle donations are also being sought.

Tickets are now on sale for the Evening of Giving to be held at Crystal Mall in Waterford on Sunday, Nov. 18, from 6 to 9 p.m. Tickets are \$10, with \$3 from each ticket sale going to the Simon Youth Fund. Tickets are available from Jeannette, Susan, (860) 822-6956 or Tina, (860) 822-6139.

The next meeting is scheduled for Nov. 14. All are welcome to join.

## FROM THE ANIMAL CONTROL TEAM

I wanted to talk about neighbors and barking dogs. One of the first things that can be done as a neighbor affected by the barking is to ask the dog's owner if they know their dog barks a lot. Sometimes they don't know or realize their dog is causing a problem. More times than not, they will correct the problem. If the problem continues, contact the Animal Control Department. Be prepared to keep a log on how long the dog barks. ("Barks 24-7" or "all the time" is not going to cut it). Hopefully the dog owner will take care of the problem. Dog owners should ask their neighbors from time to time if their dog is causing any problems and this way they become pro-active.

Barking is a normal behavior and one way dogs communicate. If your dog holds routine bark fests in the backyard, however, here's some help.

**Why dogs bark.** The first step is to realize that most dogs bark for specific reasons including:

*Solitary Confinement.* A dog left alone or confined for long periods or on the end of a chain without supervision is likely to bark because they feel anxious or sad and is afraid the owner may not return.

*Who's in Charge Here?* A dog may bark excessively for attention

because they have been trained to do so. One "woof" and the door is opened and they come in or go out. A polite bark is rewarded. A loud one brings praise for alerting to stranger danger. Too much barking brings censure (if you just yell at the dog they think you're barking with them). To a dog, humans are consistently inconsistent.

*Inactivity.* Lack of exercise can easily result in pent-up energy and barking out of frustration. A well-exercised, happy dog is less likely to bark incessantly.

### **How to Stop the Barking**

*Let's get physical: Exercise.* Dogs that spend most of their time in the backyard or in the house need an exercise outlet. Even if a yard is large, dashing around it in circles is not the equivalent of exercise and interaction. Take dogs for long walks, or to the park for a game of fetch.

**Love the one you're with.** Bring dogs into the house when at home. It's important they feel like part of the family and are loved. Develop a relationship with them through play and fun. (If you don't think this is true or they don't need it, then you stay out and let the dog inside for a few days will change your way of thinking.)

**You've got a friend.** Dogs are social creatures. Take a dog to the same park regularly and let him make doggy friends. Dogs romping together tire more and sleep soundly.

### **More Strategies**

If a dog still insists on barking more seri-

ous at-home training strategies may be needed.

First, teach the dog that barking is okay until he is told to "Be quiet." Each time the dog barks, command him to "Be quiet." Simultaneously, hold a treat in front of its nose. Most dogs get quiet immediately because they can't sniff and lick the treat while barking at the same time; Praise the dog continuously during the quiet time with petting and words of encouragement; After three seconds of no barking, let them have the treat. As training continues, increase the amount of time required of them to be quiet before giving the treat.

When a dog makes a mistake and barks (and they will) reprimand them immediately. Never strike a dog, but do something that will catch his attention, such as clapping loudly or squirting water (do not drown them) in their face. As soon as the dog stops barking, instantly reward them.

**Practice and Patience are Key**  
*Don't expect overnight miracles.* It may take weeks to replace an old habit with a new one. Keep up with the training. Instead of barking relentlessly at the insignificant, your dog will bark appropriately and for a reasonable length of time.

Until a dog learns about the appropriateness of barking, they should be

confined to a place where they will cause the least disturbance. Shut doors and windows and leave a television or radio on to mask noises from the street. Shut off the telephone and doorbell if these set off a barking spree.

### **Top 10 Dogs for Watchdog Barking**

Looking for a dog that will bark to deter potential burglars? Listed from most alert to least alert, these breeds will bark vigorously at the presence of an intruder or in situations that seem out of the ordinary: Rottweiler, German Shepherd, Scottish Terrier, West Highland White Terrier, Miniature Schnauzer, Yorkshire Terrier, Cairn Terrier, Chihuahua, Airedale Terrier and Poodle (standard/miniature).

## **PLANNING AND ZONING COMMISSION MEETING**

At its monthly meeting in September the Commission voted unanimously to charge a per lot fee in lieu of open space to any person applying for and receiving approval for a subdivision of land. Effective Sept. 5, 2007, any person subdividing land will be required to pay \$1,000 per lot, in addition to any other fees or costs associated with the subdivision. This action by the Commission is allowed under Connecticut General Statute 8-25, as well as under the Commission's own subdivision regulation section 7-10 (g). The fees collected will be maintained in a separate municipal account for purposes of maintenance of existing open space owned by the Town of Sprague and for acquiring additional open space.

The Commission holds its regular monthly meetings on the first Wednesday of each month at 7 p.m.

in the courtroom on the second floor of Town Hall. The agenda is posted on the bulletin board in the town clerk's office on the Monday immediately preceding the meeting. The public is welcome and encouraged to attend. Members of the Commission are: Mick Collins, Joe Osowski, Paul Piezzo, Arthur Spielman Jr., Gerald Stefon, Anna Talbot, and Richard Waterman. Alternate members are Kathleen Boushee, Kord Jablonski, and Shawn Bittman. The Commission employs a part-time planner and consultant, Tom Seidel of the Southeastern Connecticut Council of Governments, and a zoning enforcement officer, Joe Smith.

An audiotape as well as written minutes of the Commission's meetings are available at the Town Hall. Additional information is available at: [www.ctsprague.org](http://www.ctsprague.org).

## FIRST SELECTMAN CITES IMPROVEMENTS, CHANGES Submitted by Dennison Allen

I want to take this opportunity to thank the wonderful staff I have had and the privilege to work with them in the last six years. The town has some of the best people serving you in the Town Hall. I will miss seeing their smiling faces each day. Best of luck in whatever you do.

I also want to thank each of you for helping me accomplish many things for the Town in the last six years. The Town Hall and Public Works Department has had a new roof installed; therefore, there are no more buckets in the courtroom to catch the rainwater. Because of rain leaking into the upstairs of the Town Hall mold became a problem and the staff had to move downstairs. Mold remediation was required and completed. We also upgraded the complete town hall with new electrical wiring, future cable and DSL connections.

Thanks to the help of Christine Jablonski and the Library Board for mold remediation and restoration which took place in the Grist Mill. A new heating system has been installed and soon the air condition system will be installed.

We joined Uncas Health District giving us a better health program.

We have improved the drainage systems on seven roads. Two roads have been totally rebuilt (Baltic Heights and part of Hanover Versailles Road and 14 miles of road have been paved throughout town.

I was able to lower the price for the Mukluk property from the \$1.3 million that was approved at the town meeting to \$800,000. We have gotten \$200,000 from Brownfield's to work on remediation of the lead and volunteers fenced off the lead contained land. We still need to decide if \$500,000 grant is worth while for the Mukluk. This will be an Open Space Acquisition Grant which means that Mukluk land, less the 18 acres of lead contaminated land, will become open space.

I had hoped to build a new Public Works garage across from the salt shed. In the 2005 budget the town budget approved \$500,000 to build the garage. We found that the salt shed was on land purchased with Open Space Grants and required that a land swap take place. We were able to swap 6 acres from Mukluk land for land for the salt shed, town garage, and land for a cell tower. The Town Garage will need to wait for another year because there is no money in the budget.

I want to thank Karen Hurst and all who worked on the Three Village Festival and Mike Smith and those who worked so hard on the bike race. With your help these were successful.

One thing that I worry about in years to come is that the town's people stop fighting among themselves. Instead of always finding fault we should work together to solve the problem. By the way don't blame the other guy.

Again I want to thank each of you who have helped me these six years to be so productive. May the Lord Bless you. May you receive the righteous desires of your heart.

I'm like the flying saucers I will still be around.

~ Dennison Allen, First Selectman

## AMERICAN LEGION TO MEET

The American Legion will meet on Tuesday, Nov. 20 at Town Hall beginning at 7 p.m. All veterans are welcome to attend.

The newsletter will be available at Town Hall. For more information, contact Joe Osowski at (860) 822-1969.

## OUR TOWN STAFF

Sprague ~ Our Town is a free monthly publication of the Town of Sprague, serving the communities of Baltic, Hanover and Versailles. Primarily funded by the Town, support is also provided by paid advertisements. Opinions expressed in Sprague ~ Our Town are not necessarily those of town officials or the community at large, but solely reflect those of the writer.

Submissions may be edited for clarity and format as necessary. Libelous or obscene materials are not permitted.

**Editor:** Amy Lynn Reifsnnyder

**SPRAGUE ~ OUR TOWN**

**FUNDRAISER TO BENEFIT  
FIRE DEPARTMENT**

On Saturday, Nov. 10, the Baltic Fire Department hosts Hypno Lorenzo, hypnotist and comedian, at Sayles School on Scotland Road. The family-oriented show begins at 6 p.m. Tickets are now on sale. The cost is \$15 for adults and \$5 for children age 12 and under. This is a fundraiser to benefit the volunteer fire department. Tickets are available by post at: Baltic Fire Department, P.O. 314, Baltic, CT 06330. Checks should be payable to "Hyp Fund-raiser." Be sure to include the number of adults and children planning to attend. Information: (860) 822-6228.

**Please note:** Deadline for submissions is the 15th of each month. The writer's name, address and a contact phone number *must be* included with each submission.

Opinion letters will be published with the writer's name and town. Please limit word count to less than 400.

Paid ads may be purchased at a rate of :

3 x 4 inches	\$21
6 x 8 inches	\$40
Half Page	\$70
Full Page	\$100

One month free for 11 months pre-paid.

Submissions may be e-mailed to [OurTownNews@gmail.com](mailto:OurTownNews@gmail.com), or mailed to Town Hall, P.O. Box 677, Baltic, CT 06330.

Thanks again for sharing your news and events with Our Town.

Amy Lynn Reifsnnyder

**TRANSFER STATION**

- **Permits are required on all vehicles**
    - **Blue Bags are required for household trash**
  - **Bags may be purchased at Fred's News or at the Transfer Station**
    - **Blue Bags cost \$6.25 for a sleeve of five large (32 gallon) and \$3 for a sleeve of five small bags (13 gallon)**
- Please have bills appropriate to your purchase

**Hours: Monday and Wednesday  
10 a.m. to 6 p.m.  
Saturday  
8 a.m. to 4 p.m.**

**Speed limit at all times is 5 mph**

- TV, monitor, stuffed chair, mattress or box spring — \$5
- Console TV, sofa — \$10
- Any Freon appliance — \$12
- Bulky waste — \$10 resident; \$25 contractor per yard
