The Sprague Garden Club is springing into the new season after our winter break. Our first meeting is March 6, 2019 at 6:30 p.m. at the Sprague Senior Center. Our program will be maple sugaring. We are looking forward to a new growing season and once all the cold weather, rain and ice are gone we hope to see all the new crocuses and daffodil bulbs bursting through. New members are always welcome. Happy St. Patrick's Day!!
From the Desk of the First Selectman,

March is upon us; the very air is changing. You can feel the rush of a new season, the smells of a thawing earth. The sounds of the croaking of frogs, fawns start to show up along the countryside with not quite steady legs. Babies of all sorts can be seen, with the curiosity of newborns. Ahh be wary as there is certain to be an anxious mom close by! Flowers are beginning to push their way through the fresh earth, nests are being built... I could not live anywhere else...

The public works crew continues to clear roadsides and push back brush. I am still hoping to have time to finish work on a trail up the river connecting Riverpark with Salt Rock Campground and some additional raised beds for the Community Garden. The rush of time!

The Town continues the work on providing the necessary paperwork to complete acceptance into TIER II. We are hosting a sub-committee meeting on March 1st at 2pm in the Town Hall. We hope to provide you with an update on if we will qualify for aid through this mechanism soon.

We have been approved for a Community Connectivity grant to put in a trail along the Shetucket River. This has been in our capital plans for five years and we are hopeful that it will open up the river for enjoyment by the community in a more robust fashion.

The Town’s Board of Finance has started the process of preparing next year’s budget in the month of March they will be speaking with the Board of Education, the Library and the Municipal side of the budget. The month of April is set aside for discussion and implementation of the budget. Please stop by to hear the proposals for the budget.

As always thanks for your support

Cathy
First Selectman

I am ready to take out the kites, launch them into the air and relive that day in my youth when I flew a kite one mile high in the sky. Stay tuned, the Sprague Park and Rec Committee is considering a kite flying day ...

Sprague Democratic Town Committee Update
The Democratic Town Committee met on February 7th. Cathy Osten gave an overview of what was happening in both her First Selectman position and State Senate, reviewing everything from Town budget to various initiatives that were taking place in the Legislature.

This time of the year is of particular focus, as the DTC is seeking candidates to run for elected office this November. Interested persons should take note that the DTC seeks qualified candidates to run for office regardless of their party affiliation, if any. The DTC’s nominating sub-committee is currently reviewing positions to be filled. If you are interested in running for elected office, and would like more information, please call Richard Waterman, at 860-822-8932 or Claire Glaude at 860-822-9111 as soon as possible. If you are interested in getting involved, but are not interested in any of the elected positions for this coming election cycle, or if you are only interested in positions that are filled by appointment rather than election, you can submit an application to the Town of Sprague by going to the Town by going to the Town Clerk’s office for an application.

Branching Out....

Notes from the Tree Warden

There is a new bug in town!! Well, OK, it’s not new. It is native – but has not been a problem until now. As if the Emerald Ash Borer (EAB) killing ash trees and the gypsy moths killing oak trees aren’t enough, the newest pest that is a problem is the Two Lined Chestnut Borer (TLCB). This jewel beetle (agrilus bilineatus) is of the same genus as the EAB. It was given the name Two Lined Chestnut Borer after it devastated the chestnut trees in the late 1800s. Its biology is similar to the EAB. Unlike the EAB that feed almost exclusively on ash trees the TLCB always had oak trees as an alternative host. The female lays her eggs on the bark of a host tree, the larva emerges and penetrates through the bark where it starts to consume cambium and phloem tissue. In a year, or sometimes two, the adults emerge through D-shaped exit holes (just like the EAB) to move on to mate and start the cycle over again. After more than a hundred years why are the TLCB a problem now? Normally this beetle is not present in numbers that adversely affect healthy oak trees. However, now that so many oaks that are still alive are in a weakened state from the gypsy moths the TLCB is doing enough damage to cause the oak trees that may have recovered from the gypsy moths to lose the battle to survive. Oak trees that leaf out in the spring with healthy looking green leaves will start to have leaves near the top of the crown start to turn brown in early summer if the TLCB is present. The browning of the leaves will progress down the tree during the summer and drop it’s leaves early. The tree will not leaf out the following year.

A full article about the Two Lined Chestnut Borer can be found at the Connecticut Tree Protective Association website in the “Updates” section.

At my urging, the Conservation and Agriculture Commission is researching the harvesting of standing timber on the Baltic Reservoir Open Space property. Harvesting would be done in accordance with town’s Forest Stewardship Plan written for Sprague in 2006. In addition to the commercial and regeneration harvesting recommended in the Forest Stewardship Plan, all ash trees would be removed while they still have value. I am concerned with the number of ash trees that will become a serious hazard to the increasing number of people using the Reservoir in the next year or two as they die from the Emerald Ash Borer. Thinning of this open space is long overdue for the general health of the forest. A copy of the Forest Stewardship Plan for the Baltic Reservoir area is available at the Town Clerk’s office for anyone who wants to read the specifics of the recommended harvesting plans. A public hearing will be held in April to discuss potential harvesting.

Note from the Editor: Elizabeth Calderon

The deadline for Our Town submissions (and corresponding payments for ads) is the 15th of each month. Submissions will be no more than 200 words and must be e-mailed to spragueourtownnewsletter@gmail.com. No series will be accepted. Longer articles may be submitted and used based on room at the Editor’s discretion. The focus of Our Town is community events, articles, commission notes and other items of town-wide interest. Annual budget considerations may affect page appropriations. Ads have no restriction on word limit and must be pre-purchased at rates of: Business Card $21; Double Business Card $40; Half Page $70; Full Page $100. Purchase 11 months and receive the 12th month free. All payments for ads are made in the Town Clerk’s Office at Town Hall. Sprague~ Our Town is a free monthly publication of the Town of Sprague, serving the communities of Baltic, Hanover & Versailles. Primarily funded by the Town, support is also provided by paid advertisements. Opinions expressed in Sprague~ Our Town are not necessarily those of town officials or the community at large, but solely reflect those of the writer. Submissions may be edited for clarity and formatted as necessary. Libelous or obscene materials are not permitted.
